Sonoma County Library Creates Español eReading Room

Collecting Spanish-language ebooks and audiobooks together allows for convenient, easy browsing on library website

Santa Rosa, Calif. – May 21, 2019 – Libraries have long embraced the digital age and are continually adding innovations and conveniences to engage the members of their community. As another example, Sonoma County Library has digitized the concept of physical reading rooms by creating a specialized eReading Room of Spanish-language ebooks and audiobooks. With a library card, Sonoma County residents can browse digital books sectioned off from the rest of the catalog with all searches filtered and dedicated to Spanish-language. Readers can find this on <https://sonoma.overdrive.com/library/espanol> and on [Libby](#), the award-winning one-tap reading app from [OverDrive](#).

"We are thrilled to offer our patrons a broader range of digital content through OverDrive and the Libby app," said Jaime Anderson, Sonoma County Library Collection Services Division Manager. "We're particularly pleased to offer a more robust Spanish collection through the Español room."

The eReading Room concept was born from the existence of physical spaces in libraries that are designed specifically for Spanish-speaking patrons. Since then, eReading Rooms have expanded to highlight materials with certain themes or formats and for select age levels. Within Libby, eReading Rooms are called "guides" while the library's website refers to them as "collections".

In addition to providing access to Spanish-language materials in Libby, Sonoma County Library is also streamlining the user experience for a wider variety of digital resources. The

OverDrive is the leading digital reading platform for libraries and schools worldwide. Named one of TIME's Best iPhone and Android Apps of 2018, the award-winning Libby is the "one-tap reading app" for libraries. We are dedicated to "a world enlightened by reading" by delivering the industry's largest catalog of ebooks, audiobooks, magazines and other digital media to a growing network of 43,000 libraries and schools in 76 countries. Founded in 1986, OverDrive is based in Cleveland, Ohio USA and owned by Tokyo-based Rakuten. www.overdrive.com

Step 2: Distribute your story

Create an email with the press release or media pitch in the body

- Attaching a document may cause the email to bounce back/not be read
- If sending a press release, include a note about what this news is and why you're sending it

Email each individual contact separately

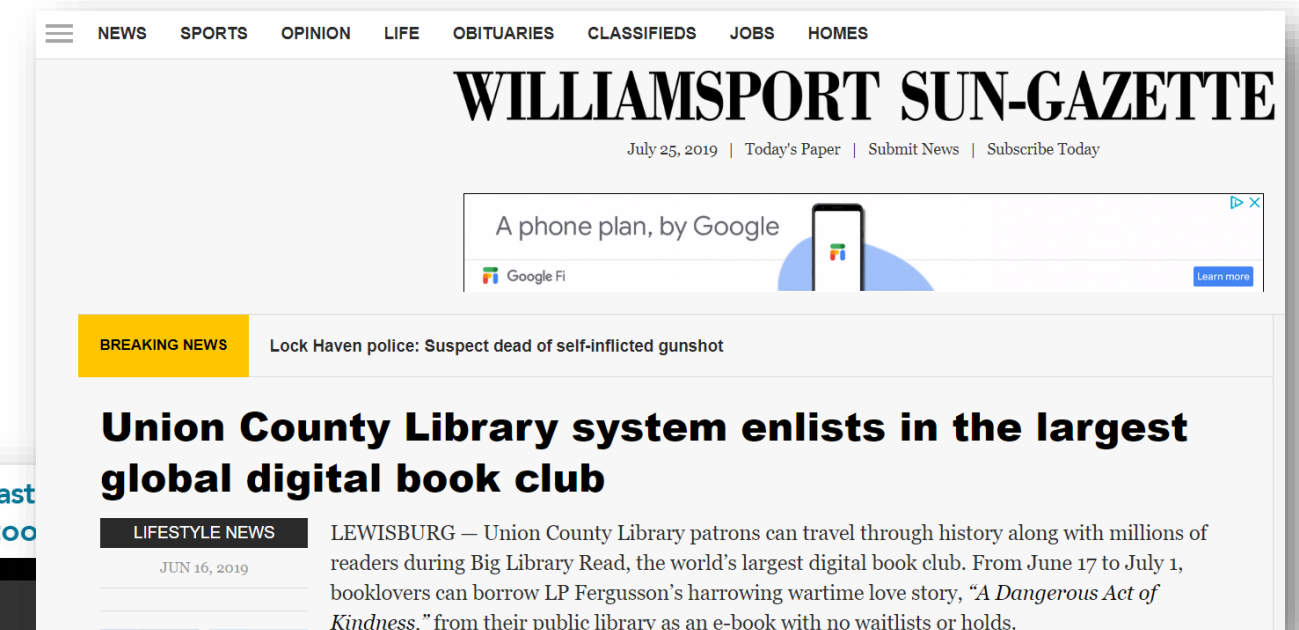

- Personalized emails increase the chances of being read (bulk emails often ignored)
- Send Tuesdays, Wednesdays, or Thursdays; Avoid Mondays and Fridays
- Follow up to each contact that did not respond one week after sending

Step 3: Decide who takes it from here

You handle:

- Using one of OverDrive's templates
 - ✓ Available on Resource Center
 - ✓ Ask your Account Manager
- Creating the press list
- Distributing and following up

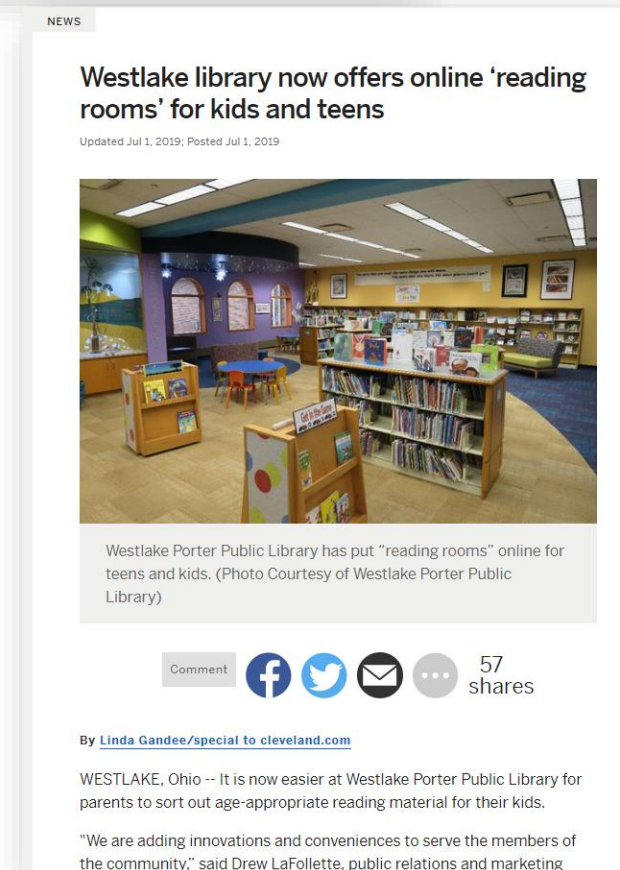

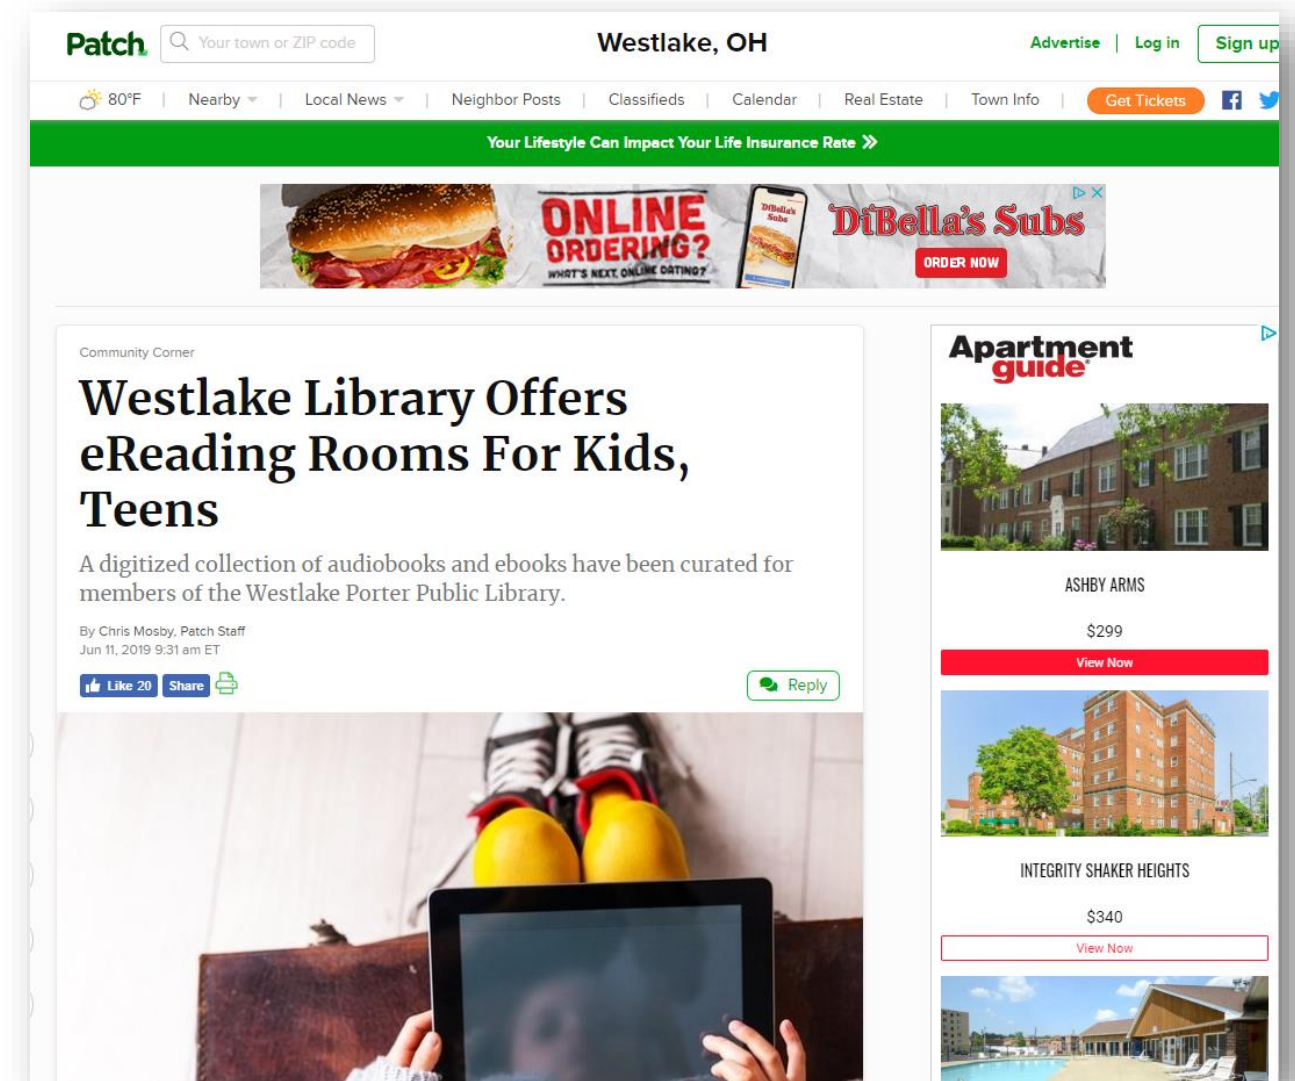

Step 3: Decide who takes it from here

OverDrive's PR team handles:

- Assigning dedicated PR Specialist
- Creating press release and media list
- Conducting outreach and sending coverage when secured
- Customizing process

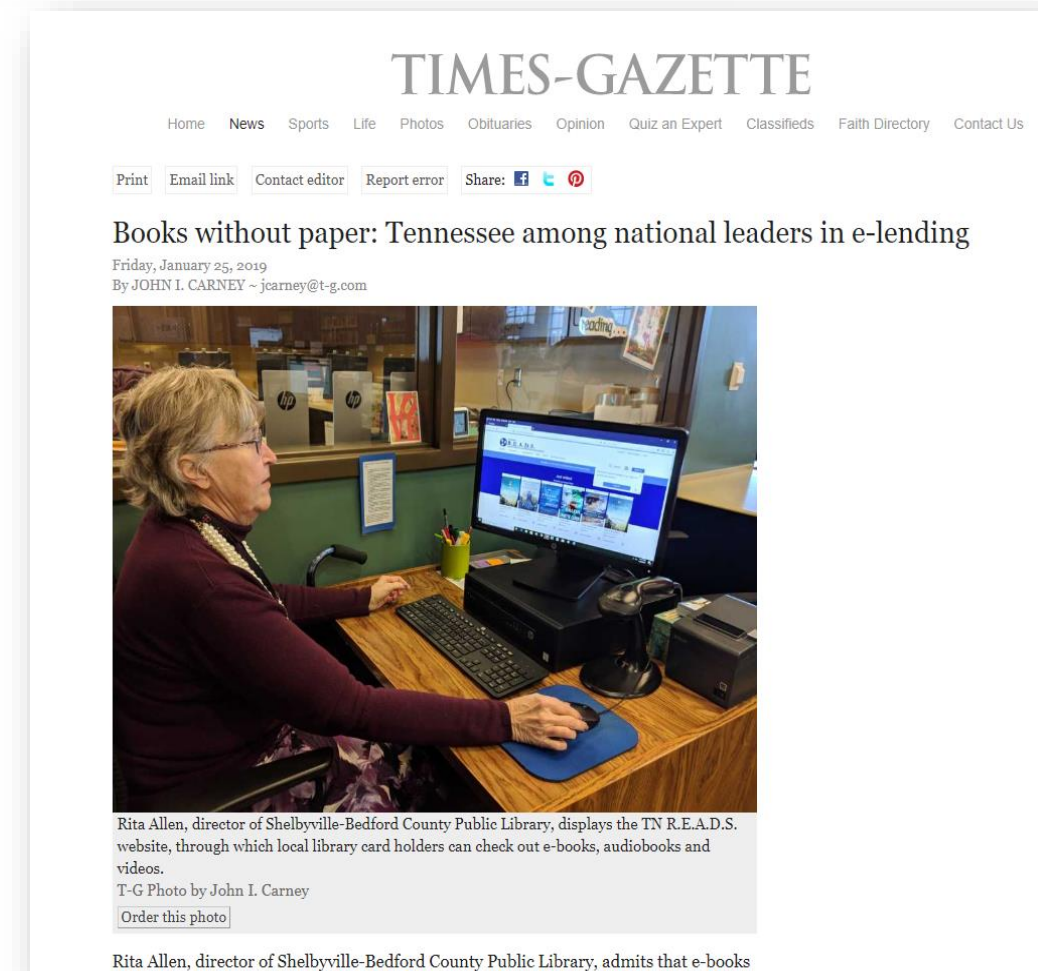

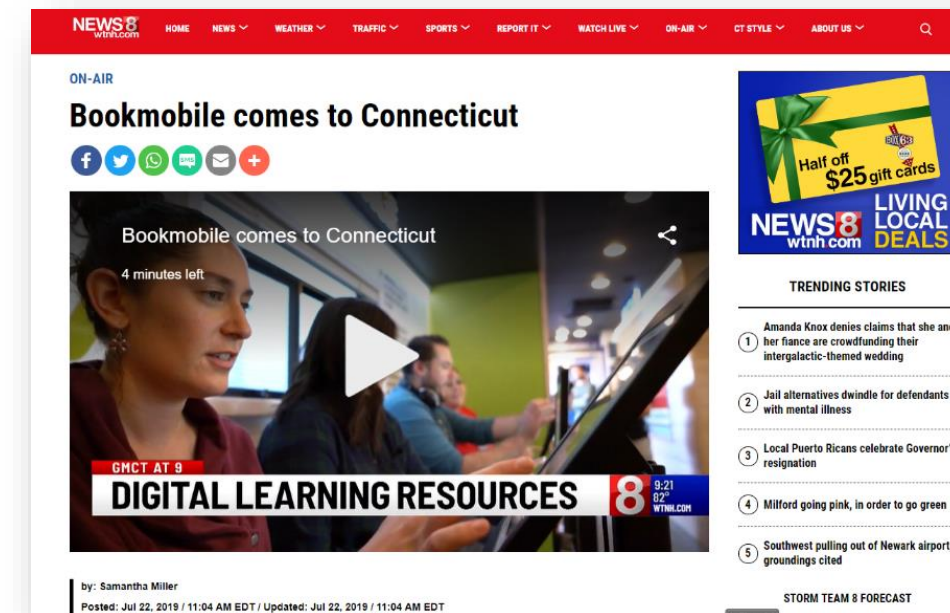

No partner too big or too small!

Step 4: Confirm when story is running; amplify on social media

When the news outlet agrees to run a story:

- Ask what date the story will run/if they can send you:
 - ✓ Video link
 - ✓ Aircheck (audio file of the on-air story or mentions)
 - ✓ PDF of the page on which your story ran
 - ✓ Link to the online story

Step 4: Confirm when story is running; amplify on social media

Sharing on library social media accounts:

- Extends coverage/awareness even further
 - ✓ Facebook
 - ✓ Twitter
 - ✓ Instagram

Step 5: Evaluate the results

To evaluate effectiveness:

- Ask yourself: did we hit goals (secure stories in places you wanted to)?
- Track how many stories were secured
 - ✓ Can purchase program such as Cision to specifically identify impressions/audiences if your director requires more advanced reporting (requires \$)

Share with your colleagues and your supervisor
