

## Social media copy suggestions

Below are suggested social media posts to help you highlight some of the new partnership features. When posting on social media sites like [Instagram](#), [Facebook](#), and [Threads](#), you can embed descriptive image text (also known as alt text) to support people with visual impairments. Use the text below to add descriptive image text to your social media posts.

| Copy                                                                                                                                                                                                                                                                                                                                                                                                                             | Descriptive Image Text                                                                                                                                                                                                                                                                                                                                                                                                                 | Graphic                                                                              |

| <p>Lending partnerships in Libby are similar to interlibrary loans at physical libraries, where you can borrow titles from any library in the same network. Your library card from [library name] give you access to the following libraries: [List]</p> <p>Learn more:<br/> <a href="https://help.libbyapp.com/en-us/6350.htm">https://help.libbyapp.com/en-us/6350.htm</a></p> <p>#LibraryApp #LibraryLove<br/>#ReadingApp</p> | <p>On the left, a phone screen shows the Libby app interface, highlighting a list of partnerships that come with a library card.</p> <p>On the right, bold text reads: "Did you know? Your library card unlocks even more books from our partner libraries." A teal "Learn More" button appears below. The background is dark pink with the Libby logo, wordmark and the tagline: "The library reading app."</p>                       |   |
| <p>You can disable specific partner libraries to hide their titles and title availability from search results.</p> <p>Learn more:<br/> <a href="https://help.libbyapp.com/en-us/6353">https://help.libbyapp.com/en-us/6353</a></p> <p>#LibraryApp #LibraryLove<br/>#ReadingApp</p>                                                                                                                                               | <p>On the left, a phone screen shows the Libby app interface, highlighting filters for first in series or standalone.</p> <p>On the right, bold text reads: "Did you know? You can choose which of your partner libraries are used for search results and Notify Me notifications. A teal "Learn More" button appears below. The background is dark pink with the Libby logo, wordmark and the tagline: "The library reading app."</p> |  |

**Libby.**

The library reading app.
