All collections

Create curated or automated collections of titles you own and publish them on your OverDrive website. This is a great way to showcase the content in your digital collection and boost circulation of included titles.

"Published collections" are all collections (curated or automated) that are currently live on your site. "Draft collections" are drafts of curated collections that are not currently live on your site.

To begin creating either a curated or automated collection, click the **Create collection** button.

CREATE COLLECTION

Curating for Advantage

- Individual Advantage schools can now curate for Sora.
- Display titles from your collection, the consortium collection, or a mix.
- Your curated collections appear for your students only.
- Content access levels are in place on collections you curate.

Switch on and off permissions easily!

Customize Advantage collections

YES NO

This section of your Advantage site currently displays the same collections as your consortium. To customize the collections in this section of your Advantage site, change this setting to YES.
