

# Delaware Soars with Sora

WINTER 2023

## Hot Tip: Personalize Sora with Shelf Talkers

Readers love recommendations! With Shelf Talkers, you can add commentary to titles you want to highlight. Share trivia, your thoughts on a book, or even student recommendations! Only readers from *your district* will see your shelf talkers. [Check out this video for instructions.](#)

**THOUGHT**

"One of the big things that I hope that people take away from my books overall is respect, and respect for themselves, which I know that sounds weird, but a lot of people treat their friends way better than they treat themselves."

A THOUGHT BY **Jerry Craft** - author

### 💡💡💡💡 IDEAS:

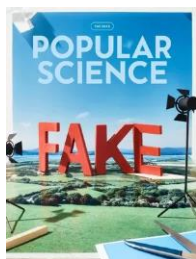

- Share recommendations from teachers and admins.
- Add instructions or comments on ELA titles, BOB selections, or summer reading titles.

## Spotlight: Magazines in the Classroom

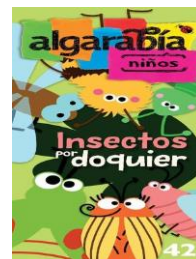

Do your teachers know that they can use magazines for short form reading in their subject area? There are over 280 magazine resources in Sora. Many align to topics you're teaching.

Feel free to [download the Sora Magazine Kit](#) for promotional materials and let your teachers know there are options that they can use in their lessons!
