

# Class Sets for curriculum

**Fast, affordable and easy:** Get every student copies of the books they need

Ensure students always have access to the curriculum books they need with On-Demand Class Sets in the Sora student reading platform.

## WHAT ARE ON-DEMAND CLASS SETS?

On-Demand Class Sets are short-term ebook rentals available through OverDrive Marketplace, Sora's shopping and administrative portal.

## WHY CHOOSE ON-DEMAND CLASS SETS IN SORA?

### Flexibility

Reading isn't limited to what your school owns in print.

### Quick access

Get books to students within 24 hours (or less).

### Ease & convenience

Digital books are simple to distribute, accessible on any device and never take up shelf space.

### Cost-effective pricing

Titles start at \$0.99 per student and cannot be lost or damaged.

### Real-time reading data

Authorized educators can use school- or student-level reading data to measure how titles are being used in real-time.

## HOW THEY WORK:

- You can purchase On-Demand Class Sets before you know who will need the book or when (Tip: reserve and bundle titles so that students can't borrow them early!).
- No assigning required; students borrow titles in Sora as needed.
- Students have access for 90 days after the date they borrow the book and can download titles to read offline.
- Students cannot return these titles early.

## WHAT THEY'RE GREAT FOR:

- Required classroom reading
- Choice curriculum reading
- Small and large book clubs
- Required all-school or all-grade reads
- Providing titles as-needed to specific students or groups of students

“On-Demand (Digital) Class Set rentals significantly increase our capacity to be responsive to district-wide curriculum needs. They're a smart, responsible use of our curriculum budget dollars. In short, they're a game-changer!”  
- Suzi Tonini,  
Denver Public Schools (CO)

## MEET YOUR CURRICULUM GOALS

Whether your district uses its own curriculum or aligns with a high-quality instructional materials (HQIM) program, On-Demand Class Sets can help you meet your classroom reading objectives. Not sure where to start? Not to worry! Our in-house librarians can provide all the help you need with title selection.

**Plus, ask your account team about bundled price-per-grade/per-student pricing options.**

*We supply required digital books for top curriculum vendors.*
