

How inclusive is your school's digital collection? Find out with a free diversity audit!

How much of your digital collection reflects the diverse makeup of your school community? Where are the gaps?

A diversity audit can help answer these questions!

This powerful service is available at no cost to all eligible schools with Sora and provides valuable insights into the inclusivity of your collection.

HOW DOES IT WORK?

Our diversity audit tool leverages BISAC subject headings and Recommended Lists created by OverDrive's Digital Content Librarians to provide your school a more holistic, data-driven look at the diversity of your Sora collection.

Our Recommended Lists are updated continuously, so it's important to perform a diversity audit annually or biannually.

WHY SHOULD MY SCHOOL REQUEST A DIVERSITY AUDIT?

- Helps foster equity, inclusion and representation in your digital collection
- Creates a roadmap to help you expand your school's collection with diverse curriculum and pleasure reading ebooks and audiobooks.
- Gives you and your Digital Content Librarian new data to inform budget-friendly purchasing strategies.
- **It's free, and all the work is done for you.** All you need to do is sign up!
