Getting started with

ereaders

You can borrow ebooks from your library and transfer them to compatible ereaders using free Adobe® Digital Editions (ADE) software on your Windows® or Mac® computer.

NOTE: If you have a Kindle, a NOOK GlowLight Plus, or a newer Kobo ereader, your device works a little differently than the steps below. For more help, visit help.overdrive.com.

STEP 1

Install ADE on your computer.

(Get it from https://www.adobe.com/solutions/ebook/digital-editions/download.html.)

STEP 2

Connect your ereader to your computer.

STEP 3

On your computer, open your library's digital collection and borrow an ebook.

NOTE: You can find your library's digital collection using overdrive.com/libraries.

STEP 4

Click **Download** for the borrowed ebook.

If prompted, authorize ADE with a free Adobe ID or an OverDrive account.

STEP 5

To transfer an ebook to your ereader, drag and drop it from your ADE library into your ereader, which should appear on the left under "Devices."
