

# Getting started with Libby extras

Use Libby to get free access to extra learning and entertainment resources through your library.

1

Install the Libby app from the app store on your Android or iOS device. Or, visit [libbyapp.com](https://libbyapp.com) in your Chrome, Firefox, Safari, or Edge browser.

2

In Libby, follow the prompts to find your library and sign in with a valid library card.

3

Tap the **Extras** section on your library's home screen.

4

Select a provider, then tap **Open**. You'll be taken out of Libby to learn more about the provider.

5

Select **Get a 7-Day Pass** or **Get Access** and follow the prompts to open the provider's site, where you can start using their service. You can return to the provider's site during your access period from your Libby **Shelf** (.

**A note about TV access:** Some video providers offer apps for smart TVs and streaming devices. If you create an account when accessing these providers through Libby, you can enjoy free access to their TV apps by signing into your account. You may be able to cast other providers' content from your device to a TV; please consult your device help for casting instructions.
