Getting started with
Kindle® eReaders

You can borrow Kindle Books (U.S. only) from your library, and deliver them wirelessly to your Kindle eReader.

NOTE: If you have a Kindle Fire, you may be able to use the OverDrive app to borrow and download eBooks directly to your device. For more help, visit help.overdrive.com.

STEP 1

Use a computer, tablet, or smartphone to open your library's website. Find it using

overdrive.com/libraries

STEP 2

On your library's OverDrive website, use the search filters to find and borrow an eBook that's available in the **Kindle Book** format.

STEP 3

From your **Checkouts** page, select **Read now with Kindle**. You'll be taken to Amazon's website to complete your checkout.

STEP 4

On Amazon's website, follow the on-screen prompts to "Get library book" and wirelessly deliver it to your Kindle eReader. You'll need to sign into (or create) an Amazon account to complete this process.

NOTE: Your Kindle eReader must have a Wi-Fi internet connection to download library Kindle Books from Amazon. If you don't have a Wi-Fi connection, you will need to transfer the Kindle Book to your Kindle eReader via USB.

Once you deliver a library Kindle Book to your Kindle eReader, it works like any other Kindle Book.
