A recipe for reading success

CHRISTEN HIGGINS

Media & Tech Coordinator

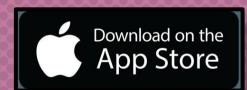

Charlotte-Mecklenburg Virtual Elementary & Middle Schools 13 years experience in public schools 6 years experience in public libraries

SORA

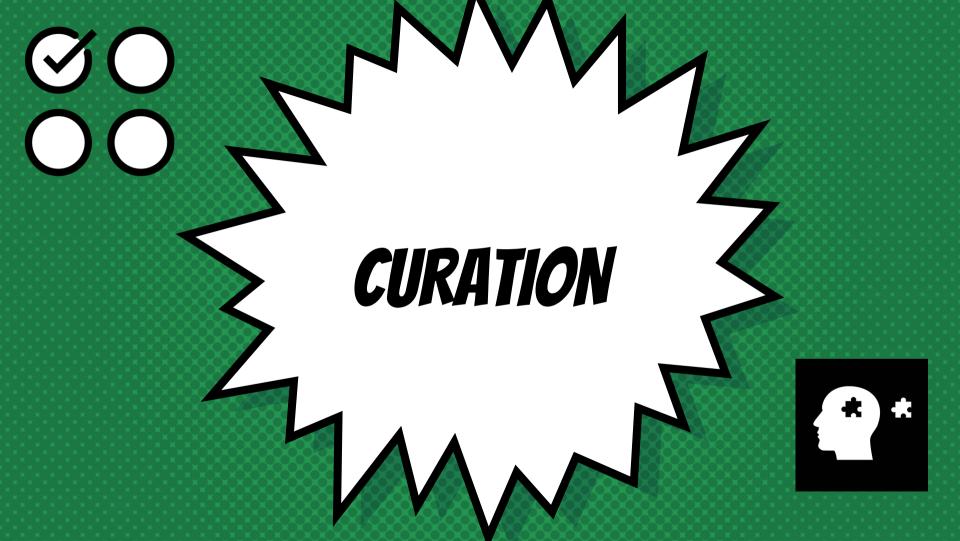

SORA

- ★ Online reading app for students to access digital collections.
- ★ Allows students to read across platforms with a multilingual interface
- ★ Integrates into LMS with single sign-on

ACCESS & CUSTOMIZATION

Schools each have their own advantage account which allows librarians to customize their own collections but still have access to the district purchased titles.

Schools without dedicated library staff are supported by district accounts and collections

Schools can create and add local content for just their school

- ★ Student handbooks
- **★** Student-created content
- **★** Study guides

COMMUNITY PARTNERS

Seamless integration for public and state library collections.

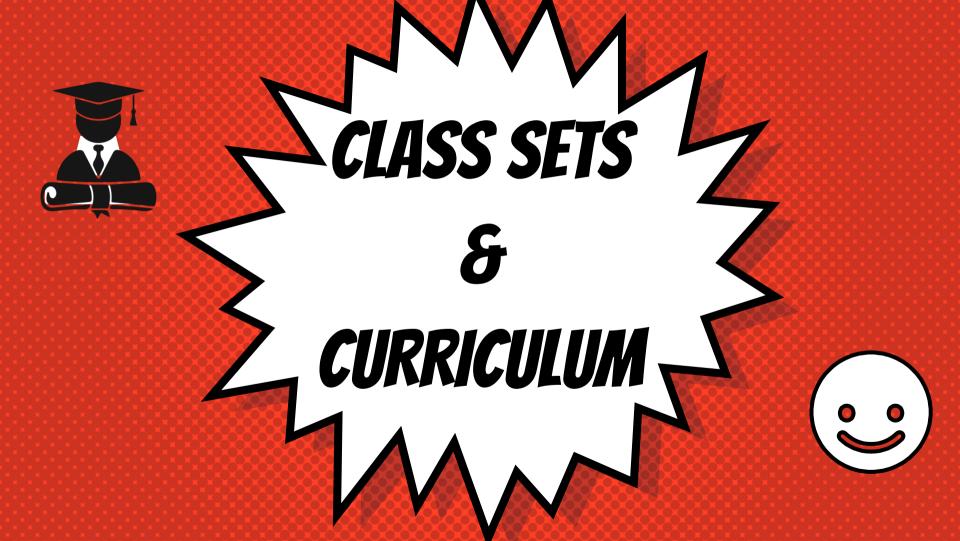

COMMUNITY PARTNERS

- ★ Carts can be easily purchased by donated funds
- **★** Content credit allows time for student/staff choice

LAST CHANCE TO ENTER TO WIN THE TABLET!

CURRICULUM ACCESS

- ★ Social Studies 100% curriculum on Sora
- ★ Students can be direct linked to text and notes are automatically saved to their school google accounts.

CLASS SETS

- ★ Class sets can be purchased assigned directly to students.
- **★** Teachers can create virtual class libraries
- * Easy access to student reading data
