

OverDrive Education Update

What's NEW: The latest innovations in eBooks & audiobooks for schools

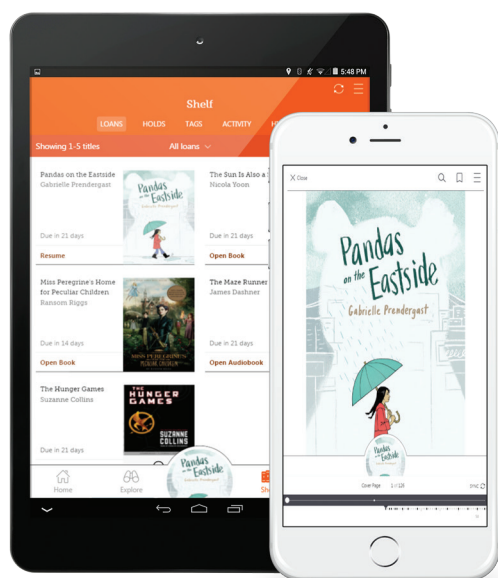

SHARED COLLECTIONS ACROSS REGIONS OR STATES

- **Maximize catalog:** Two or more schools or districts share digital content via a joint OverDrive platform
- **Cost effective:** An unbeatable cost of \$1 or less per student
- **Customize:** Add eBooks and audiobooks specifically for your school or district (separate from the Shared Collection)

FLEXIBLE PRICING

STRETCH YOUR FUNDS FURTHER

- No platform fees
- Only pay for the content you want
- Variety of content access – and pricing – models

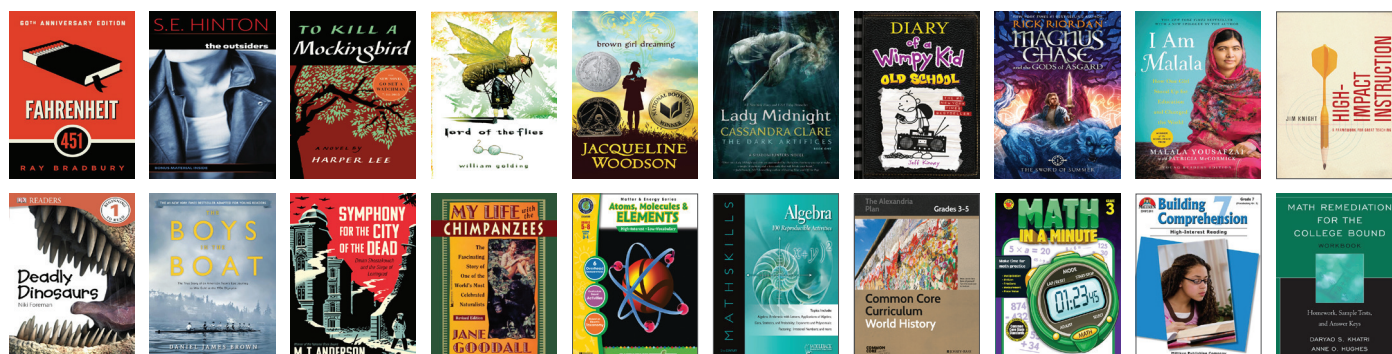

THE NEW OVERDRIVE EDUCATION APP: COMING IN 2018!

- Create unique, curated collections in each account
- Track the progress and reading statistics of each student
- Maturity restrictions
- Students find assigned titles at the top of their reading lists
- Badges and avatars for added fun
- Borrow local library titles in the same app

TITLE ASSIGNMENTS

- Rent individual titles for a set group of students for a specific time period
- Titles automatically checked out and expire

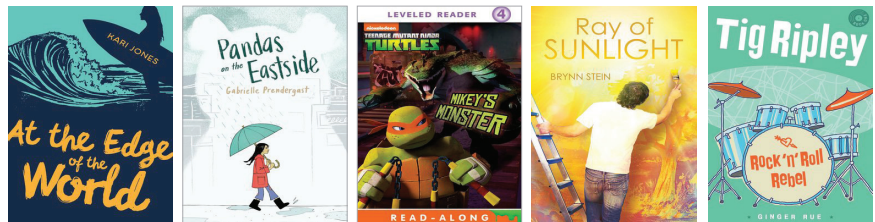

DIGITAL BOOKMOBILE

- OverDrive's free community outreach exhibit to teach students and staff about your digital collection
- New vehicle and national tour launched in Spring 2017
- Visit digitalbookmobile.com to schedule an event!

DON'T MISS THESE EXCITING TOOLS & TECHNIQUES FOR PROMOTING K-12 READING & LEARNING!

- ✓ **Flexible lending models:** Cost-effective ways to add more digital content include one copy per user, Cost-per-Circ, class sets and Simultaneous Use.
- ✓ **Export reading history & notes** from any title in OverDrive Read to Google Drive, PDF and CSV.
- ✓ **Summer Read:** An annual program designed to encourage reading all year long, it provides thousands of students from OverDrive partner schools with free, 24/7 access to 12 juvenile and young adult eBooks over eight weeks.

- ✓ **Embrace 21st century education by supporting differentiation, blended learning & English Language Learners with eBooks & audiobooks:**
 - Allow educators to tailor content and instruction based on how each individual student learns
 - Pair human interaction with technology to enhance quality teaching
 - Offer ELL students valuable digital resources including Read-Alongs and a multilingual interface to promote language development
