

Give Your Patrons Anytime Access to Films that Entertain, Educate & Inspire

During the last several years, there has been a spike in streaming video demand.

Streaming video is here to stay

The pandemic sparked a significant spike in streaming video demand. **More than 80% of U.S. households** now subscribe to at least one paid streaming video service, **up from 73%** pre-COVID.* In response to this trend, **47% of public libraries** that participated in a recent Kanopy survey say they are **increasing their budgets** for streaming video in 2021 and **71% expect an increase** over the next three years.**

We're here to help

Kanopy helps libraries keep pace with this demand through a combination of **more than 30,000 diverse and inclusive films**, a pay-per-use model with flexible pricing, a user-friendly interface, and our Marketing and Programming support.

“Kanopy is the best product I have ever purchased for the Library: quality films and programs at a very reasonable price. And, the big bonus is that it is so easy to use! Thank you, Kanopy, for a superior streaming service and for being so easy to work with.”
