Elevate Academic Success with This Powerful Combination

The unrivaled solution for academia's critical ebooks, audiobooks, and film.

College and university libraries can stay ahead of today's ever-evolving demands in academia with the premiere content offered by **OverDrive Academic and Kanopy**.

With the single largest catalog of curricular and cocurricular ebooks and audiobooks, OverDrive Academic ensures libraries can meet the demand for accessibility and audio across every area of study and student interest. And Kanopy provides libraries with an unparalleled catalog of award-winning feature and documentary films essential for multidisciplinary classroom instruction and research.

When offered together, the combined digital catalog from OverDrive Academic and Kanopy is simply unmatched – unlocking a new level of academic possibility for university and college libraries.

Together, OverDrive Academic & Kanopy provide

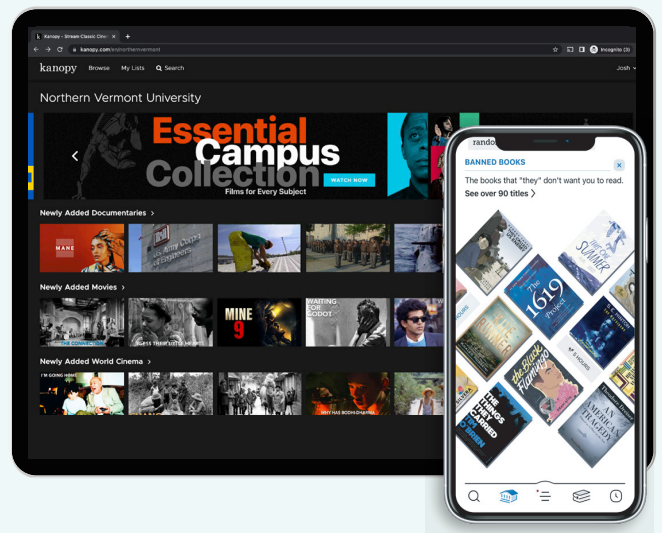

Multi-Modal learning: Students will have access to the medium that suits their learning style, from visual to auditory preferences, to ensure every need is met with the same premium content.

Flexible lending and acquisition: From pricing to lending and acquisition models, we offer options to fit every library's budget and needs, whether for books or film. No two libraries are the same and we work with you to find the right fit.

Ease of use: From curation and collection development support to launching, implementation is simple for libraries and even simpler for students and faculty to use. Accessible no matter where users are, your library is always available and current.

4.8M ebooks and audiobooks
and 30k essential films
