

# Take literacy to the next level with Reading Goals!

Sora helps students reach new reading heights

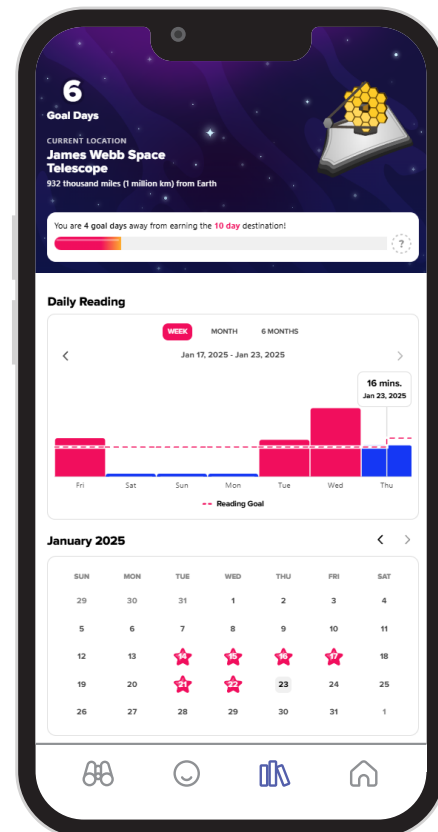

Searching for ways to motivate students to take ownership of their reading growth?

**Try Reading Goals in Sora!** Students can track their real-time reading data and unlock milestones along their reading journey. They can:

- **Set daily goals** between five and 60 minutes.
- **View historical reading information** (including current and previous goals, total reading time by day, and a calendar that highlights each day they met their goal).
- **Unlock milestones** as they meet their reading goals.

Reading Goals incentivize with positive reinforcement, so students never have to stress about breaking a streak.

(Even so, Reading Goals might not be for every learner in your school – **and that's okay!** They're completely optional, so students can choose to enable them or not.)

## GET SET WITH READING GOALS!

Ready to help your students set and reach their reading goals? Check out our support resources to get started.
