

Kanopy: Beyond the Classroom

# Read & Watch: **Connecting** Stories & Films

kanopy  
Films that matter

Access to both films on Kanopy and books through Libby offers students and staff a valuable opportunity to unwind and de-stress, especially during high-pressure exam periods. Kanopy provides an extensive library of thought-provoking documentaries, classic films, and educational content, while Libby offers a diverse collection of ebooks and audiobooks. Together, these platforms give students the freedom to toggle between passive viewing and active reading, helping them recharge in ways that suit their mood and energy levels.

Streaming films or diving into a book offers a much-needed break from academic pressures, reducing burnout and helping students return to their studies with a refreshed mindset. By browsing the titles below, students can experience the best of both worlds—reading a book and then seeing it come to life on screen.

We've curated a list of film titles that have originated from books, making it even easier for students to explore both formats and deepen their appreciation of storytelling.

You can review our Read & Watch collection, film synopses, and other details on the next page.

## **Kanopy & Libby: Better Together**

### **kanopy**

is a video streaming platform offering thought-provoking, critically acclaimed documentaries and films curated specifically for colleges and universities. As an invaluable resource for educators, students, and staff, Kanopy provides access to subjects like history, literature, science, and the arts, making it an ideal tool for enhancing classroom learning and supporting academic research.

### **Libby.**

is a user-friendly mobile app that provides access to a wide range of digital resources, including eBooks, audiobooks, and magazines, available through participating academic and public libraries. Libby simplifies the process of borrowing and reading, giving students and faculty quick access to essential academic reading materials.

**Together, Kanopy and Libby create a seamless experience of ebooks, audiobooks, documentaries, and films anytime and anywhere.**
