

Getting started with

OverDrive on a computer

Use these steps to borrow and enjoy digital titles from your school on your Windows® or Mac® computer.

NOTE: If you're using a Chromebook™ or Windows 8 and up, you may be able to use the OverDrive app to borrow and enjoy digital titles from your school. For more help, visit help.overdrive.com.

STEP 1

Find your school's OverDrive website on overdrive.com/libraries.

STEP 2

Sign into your school's OverDrive website and borrow a title. You'll need a student ID for this step.

STEP 3

Borrowed titles will appear on your **Checkouts** page on your school's OverDrive website. From here, you can:

- Send a Kindle Book (U.S. only) to your Kindle device or Kindle reading app.
- Read, watch, or listen to a title right in your browser.
- Download an ebook, then use free Adobe Digital Editions software to transfer it to a supported ereader.
- (Windows only) Download an audiobook, then use OverDrive's free desktop app for Windows to transfer it to a supported MP3 player.

NOTE: Digital formats and titles vary by school, and some enjoyment options may not be available for every title.
