# The best things to know about TeachingBooks

"Everything you need to teach a book and inspire readers is all right there. You just have to choose what you want."

"Incredibly useful for schools who are trying to **diversify their curriculum.**"

"Reduce the opportunity gap in your community, because every reader can enrich connections to the books they are reading."

"The one thing that **every teacher** that's teaching books in a school will use."

"You go down a rabbit hole where you're finding **amazing things** you just didn't even know existed."

"This product is so **price effective**, it's almost ridiculous! You should have this service!"

"Hands-free ways to **help students select the next books** they read - without touching the books."
