

SÖRA @ JISD

vmhspatriot library

JISD Collection

- Overdrive Marketplace is easy to use to select e-books and audiobooks
- Can make specialized collections, i.e. Battle of the Books, TAYSHAS, Lone Star, Read Woke, etc.
- Overdrive librarian, Erin Emser, is magical!
- She will create custom carts to save you time!

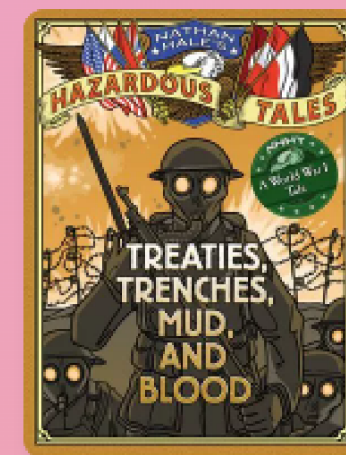

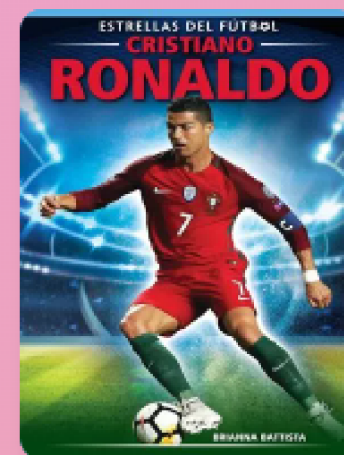

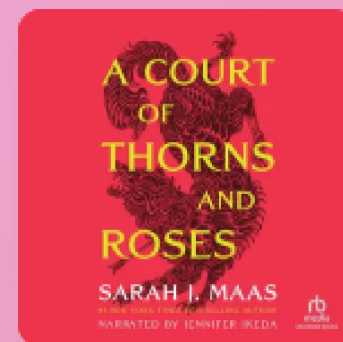

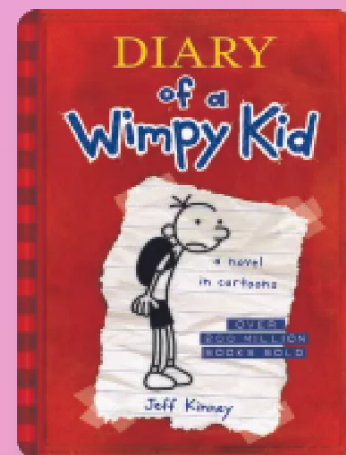

Overdrive Assistance

- **An English teacher was looking for classics, so Erin helped me add age-appropriate titles to a collection entitled "Always Available Classics."**
- We use simultaneous use access by Duke Classics

Overdrive Promotions

- Provide summer promotions for simultaneous use.
- Use for summer book clubs
- Provide "always available" books throughout the year.

Over 660 books >

Ease of Adding Libraries

- We have a partnership with the San Antonio Public Library, so students can easily add it to their Sora profile.
- Students can also add other libraries for which they have a card. This makes accessing all of their libraries easy and fast!
- They can add Audiobook Sync for FREE summer audiobooks they can save on their Sora account indefinitely.

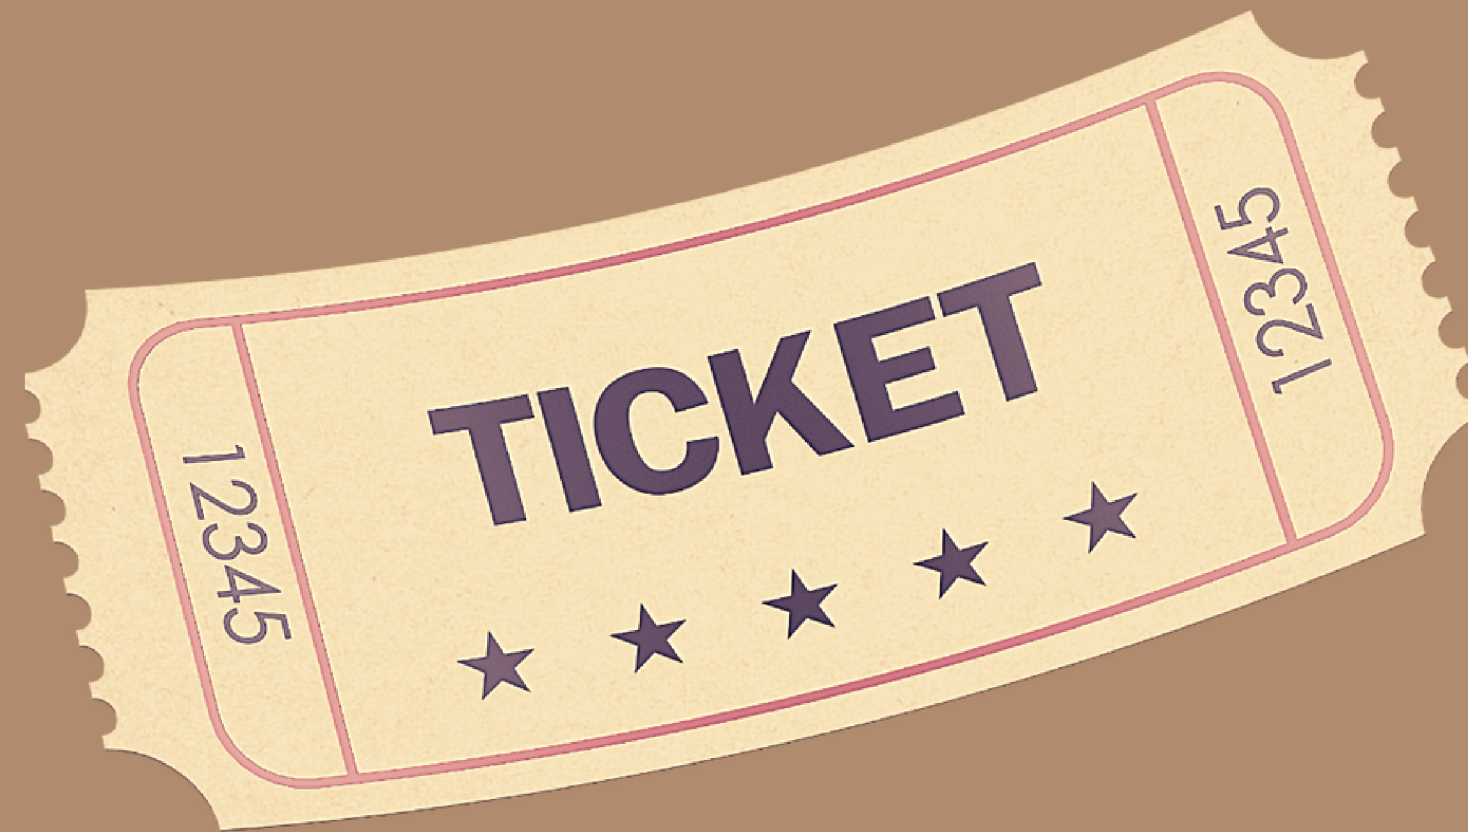

SAPL Partnership

**Students can add the San Antonio Public Library,
or your partnering library,
without the need for a library card!**

Last chance to enter the raffle

SAPL Restrictions

- Through our agreement with SAPL, restrictions for content are set up for age-appropriate books.
- For example, our elementary students can only access juvenile books.
- Middle school students can only access through middle-grade selections.
- And our high school students only access through young adult.

SAPL's Assistance

- SAPL has been a valuable partner, not just by providing free access to their e-book and audiobook collection without a library card, but they have also added content for our unique program needs.
- One of the schools was doing a One Book One School program, and they added several e-books and audiobooks to make sure our parents had the necessary access.
