INCREASE VISIBILITY ACROSS SOCIAL PLATFORMS —WITHOUT ADDING TO YOUR WORKLOAD

Keeping up with social media takes time that many library teams don't have, so we're giving participating libraries free access to the tool, Soci, that makes it easier. Manage content, scheduling, and performance in one place, making it easier to keep everything running smoothly. Fill your calendar with ready-to-use, customizable posts from Libby and Kanopy. Your library can regularly share high-interest content without starting from scratch. Built-in insights help your social media people understand what's working and make simple improvements over time. Best of all, it's completely free for participating libraries. Be sure to tell your marketing colleagues this exists!

Just contact your account manager to get started.

INSPIRE ME: DISCOVERY THAT DRIVES ENGAGEMENT

Inspire Me helps librarians connect patrons with the right books and audiobooks faster.
