

What's new with Sora?

Out of this world innovations!

BUNDLED CLASS SETS FOR REQUIRED READING

Give every student access to the required reading they need with On-Demand Class Sets. Available through OverDrive Marketplace (Sora's shopping and administrative portal), this short-term rental option is perfect for delivering classroom books to as many students as needed, whether your district has built its own reading lists or uses high-quality instructional materials from a provider.

NEW: Schools using EL Education curriculum can now purchase an ebook bundle of required reads for grades K-8 at a single price per student/per grade.

PRODUCT ENHANCEMENTS

Sora updates

Educator feedback informs the latest and greatest Sora updates, designed to help students read more and achieve success in the classroom and beyond.

- **NEW! Reading Goals:** This feature encourages students to take ownership of their reading goals and rewards their progress along the way. Reading Goals give students the power to transform their literacy engagement by setting daily goals, measuring their real-time reading stats and unlocking exciting new milestones. (Plus, educators can access real-time Reading Goals data in Marketplace's student dashboard.)
- **Read to Me:** This text-to-speech support feature allows students to select any word, phrase, sentence or paragraph in an ebook and choose Read to Me to hear the selected text read aloud. Students can also opt to hear pronunciations for words they define while reading and everywhere else they see defined words in Sora.

Reading Goals

TeachingBooks®

INTRODUCING A NEW INTEGRATION FROM TEACHINGBOOKS

Pairing TeachingBooks resources with books in Sora is now easier than ever! With our new integration, you can seamlessly access any book in your Sora collection directly from TeachingBooks. Just look for the Sora icon!

**Contact your Sora Account Manager
or asksora@overdrive.com to learn more about how
you can use Sora to remove barriers to reading!**
