## PRODUCT ENHANCEMENTS

### Sora updates

Educator feedback informs the latest and greatest Sora updates, designed to help students read more and achieve success in the classroom and beyond.

- **Device notifications:** Receive an alert to your browser or iOS or Android device when a hold is ready to borrow in the Sora app.
- **Shelf Talkers:** This fun new feature lets you add quotes, trivia, personalized recommendations and other notes to titles in your Sora collection!
- **+Add Library:** When students log in to their public library in Sora, the Explore tab will automatically display collections the library has curated specifically for kids or teens, making it easier to find the books best suited for them.
- **Read to Me:** This text-to-speech support feature allows students to select any word, phrase, sentence or paragraph in an ebook and choose Read to Me to hear the selected text read aloud. Students can also opt to hear pronunciations for words they define while reading and everywhere else they see defined words in Sora.

### Student dashboard updates

Gain more insight into your students' reading habits through enhancements like independent customization for Advantage accounts, extended reading data access and roster syncing. Plus, you can now optionally display reading data from content bundle checkouts.

TeachingBooks®

#### TeachingBooks, an OverDrive company
