

Sora
Where students read

What's new with Sora?

Out of this world innovations!

BUNDLED CLASS SETS FOR CURRICULUM

Get every student copies of the books they need through On-Demand Class Sets in Sora. On-Demand Class Sets are short-term ebook rentals available through OverDrive Marketplace, Sora's shopping and administrative portal. Whether your district uses its own curriculum or aligns with a high-quality instructional materials (HQIM) program, On-Demand Class Sets can help you meet your classroom reading objectives.

NEW: Schools using EL Education curriculum can now purchase an ebook bundle of required reads for grades K-8 at a single price per student/per grade.

PRODUCT ENHANCEMENTS

Sora updates

Educator feedback informs the latest and greatest Sora updates, designed to help students read more and achieve success in the classroom and beyond.

- **Read to Me:** This text-to-speech support feature allows students to select any word, phrase, sentence or paragraph in an ebook and choose Read to Me to hear the selected text read aloud. Students can also opt to hear pronunciations for words they define while reading and everywhere else they see defined words in Sora.
- **Device notifications:** Receive an alert to your browser or iOS or Android device when a hold is ready to borrow in the Sora app.
- **Shelf Talkers:** This fun new feature lets you add quotes, trivia, personalized recommendations and other notes to titles in your Sora collection!
- **+Add Library:** When students log in to their public library in Sora, the Explore tab will automatically display collections the library has curated specifically for kids or teens, making it easier to find the books best suited for them.

Read to Me option after highlighting

Introducing Book Resumes from TeachingBooks

Book Resumes are instantaneously generated reports that aggregate professional reviews and credentialed information about children’s and young adult books to help educators answer the critical question “Is this book right for my collection?”
